

University Information

Here is a link to an interactive map of the University of Mississippi:

Midshipmen should familiarize themselves with this map in order to effectively navigate the campus and understand all the resources available to them while they are students at the University.

Meal Halls/Meal Plans:

There is an array of Meals and places available at the University to eat. No matter what diet or nutrition plan you follow, the University can provide what you're looking for.

Here is a link to all of the places available, their hours, and where they are located:

Meal Plans:

All Freshman Students are automatically enrolled in a meal plan. Here is a link explaining the three different meal plans and their prices:

The best option for the money is going to be the Rebel All Access Plus 1, which grants unlimited meals for the semester. It is \$369 more than the traditional meal plan that is required.

Understanding that finances can be tight, employment is an acceptable option while in the NROTC program as long as it does not interfere with unit activities. Talk to upperclassmen on trying to find employment in Oxford especially those that have had to work.

Early Move In Meal Plan:

Early Move in's will be required to let the dining services know that they will need access to dining halls and food services. All Midshipmen attending NSO will be required to do so. This can be done by contacting the Freshman Dining Services Director: Email -

greenwood-amy@aramark.com or Phone - 662-915-1467.

Housing:

On campus housing is required for all incoming freshmen. Room Selection should have already taken place prior to your onboarding. Scholarship Midshipmen are provided with free housing their Freshman Year.

Here is a site to the Student Housing website which has a list of all dorms on campus and information for Maintenance Requests:
